GRAVITY HANG

Magnetica Profiles System

Magnetically absorbed lighting system can combine your lighting products at will according to lighting needs.

It can match floodlight lighting, key line lighting, hanging line decoration lighting, adjustable angle key lighting and wall washing lighting.

- 1 Supporting the original system lamp scheme developed by the Nine National Congresses, covering all space applications from point, line and surface, realizing the design of no main lamp.
- 2 Magnetic design for changing without any tools.
- 3 Sustainable Extension of Functional Plates.

More Modules Combination Available

Linear System with more modules combination available.
All available with Suspended, surface mounted and recessed mounted versions.

Magnet Attachment

Different insets are held in place by magnetic force along the entire track. No tools are needed to install them, Rotate, slide into any position, and adjust at any time—all it takes is one hand movement to highlight objects according to requirements.

48V Safe Voltage Modular Linear System

Gravity magnetic Rail has 26.60 mm side four-wire 2-loop Guide.

- Suitable for surface mounted or suspended with 1000mm steel cable.
- Track Rail available with standard lengths 1000mm ,1500mm and 2000mm.
- 'L' shape corner module available for flexible system.
- Linear Connector and Continuous Kit provided for continuous Track Rail connection.
- Insets available with Non Dim and 1-10V Dim.
- Various lighting insets with multiple lighting applications, Tool-free insert mounting by clip-in mechanism.
