Linear Track Lighting System

Linear Track Lighting System. according to the size of customers' needs, cut it into different lengths, match with different shapes to reflect different lighting effects. Linear Track Lighting System

- 1 Track Rail made of extruded aluminium with 38mm with groove.
- 2 Suitable for trimless installation in ceilings with 1-12mm thickness.
- 3 Track Rail available with standard lengths 3000mm and 1000mm.

Various Specifications

According to the size of customers' needs, cut it into different lengths, match with different shapes to reflect different lighting effects.

All available with Suspended, surface mounted and recessed mounted versions.

A black, multi-track lighting fixture is shown recessed into a white ceiling. The track is mounted with a metal bracket that is flush with the ceiling surface, creating a clean, integrated look.

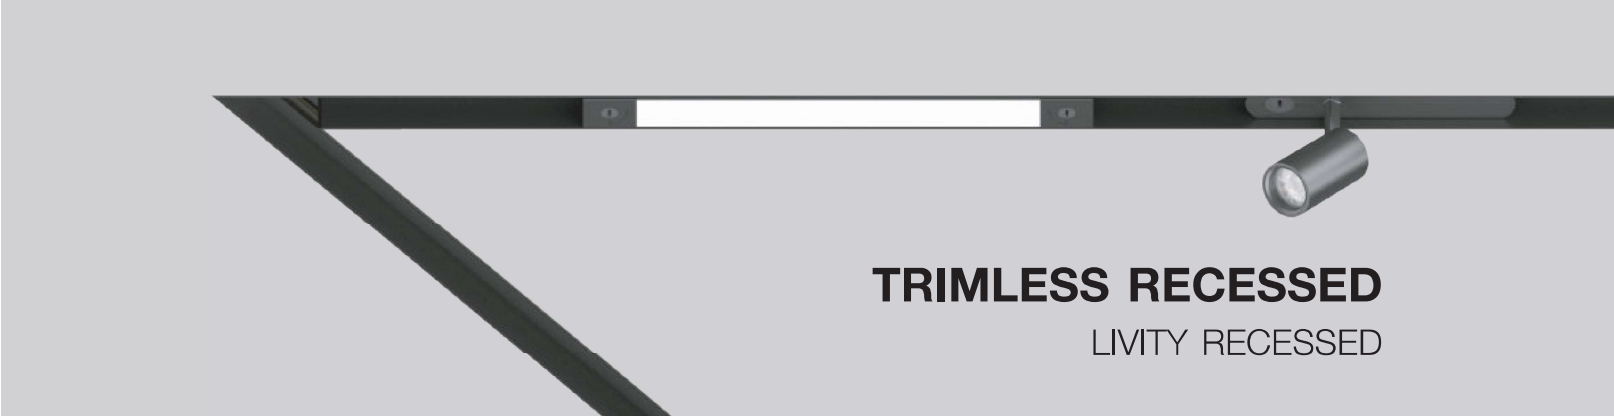

Trimless Recessed

A black, multi-track lighting fixture is mounted directly onto a white ceiling. The track is supported by a metal bracket that is visible on the ceiling surface.

Surface Mounted

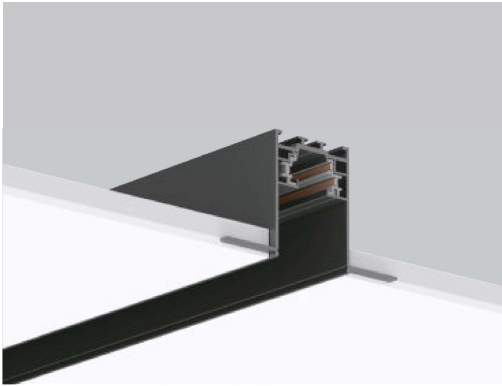

A black, multi-track lighting fixture is mounted onto a white ceiling. A thin, white cord is attached to the top of the track, and a small, white pendant light fixture hangs from the cord.
